

Salary index: professional equality between women and men

March 1, 2022

Created by the law of September 5, 2018 for the Freedom to choose one's professional future, the gender equality index is a tool to assess the differences in pay between women and men in companies.

The equality of treatment between the women and the men appears since always with the row of the fundamental principles which underlie the policy of the Human Resources of the TOP CLEAN PACKAGING Group.

The gender equality women/men index in 4 questions :

Who ?

Companies with more than 50 employees
Reference period: 12 calendar months

What ?

This index, in the form of a 100-point score, is composed of 4 main indicators

If the total of points is less than 75 points, the company must implement corrective actions

When ?

Before March 1st each year

How ?

Publication on the website and with the staff representatives

The Gender Equality Index: where we stand in the Group TOP CLEAN PACKAGING?

1) The pay gap by SSC (40 points)

The objective is to measure the existing gaps in remuneration and reduce the factors responsible (training, working hours, experience, etc.)
